# AT OUR NEXT MEETING

## CHRIS MENDE WILL TALK ON PHRAGMIPEDIUMS

Chris Mende has been an ardent plant person since early childhood. She has an orchid nursery in Daly City, California that now includes a large warm house with and a smaller cool house. Her specialty is slipper orchids, and she grows a wide range of both Paphs and Phrags.

Some of her best Phrags are given spa treatment in a hydroponic tray with a reservoir circulating nutrient solution in their root zone twice a day during the active growing season.

She will share her growing tips and help to untangle the mysteries of Phrag growing.
